

Peggy Hinds –

Dr. Peggy Cecil Hinds, ACC. God speaks to us through the Spirit's moving within our hearts and minds, and through external relationships and situations. By being attentive to all the voices and nudges that God gives to us, we discover (or rediscover) our unique and powerful ministry and mission from God. I have more than 20 years experience working with congregations, and coaching and mentoring church leaders. I want to work with you and your congregation because I believe you have the potential to accomplish the compelling and exciting ministry God intends for you.
