## Discerning a new call?

We invite you to fill out a **First Steps** form to begin the process with CBFNC .

**DISCERNING A CHANGE IN CALLING IS COMPLICATED,** often filled with mixed emotions that requires steps of faith.

While our team can never fully understand what you have gone through, our experience in various church contexts drives our empathetic approach to help you discover your next chapter in ministry. You are not another resumé to send but a unique individual with passions, giftedness, strengths and experiences that we want to recognize and connect with the corresponding needs of a congregation.

**Our team will be here for you, providing a highly confidential, collaboratively-crafted process within CBFNC's well-connected network of churches and partners.**

## Confidential. Collaboratively-Crafted. Connected.

From our earliest days, CBFNC has assisted clergy and churches in transition. While the system has changed over the years, our commitment to helping pastors find churches and churches find pastors remains central to our work of *"bringing Baptists together."*
